SCORES OF VOLUNTEERS

Red Cross Society Receives Offers for Service in Armenia.

SOME OF THE DIFFICULTIES

Miss Barton Says There Is Ample Encouragement That the Work Among the Sufferers May Begin Soon—Not a Question of Workers, But of Funds. Her Plan of Campaign.

"Years for service in Armenia. Answer by wire and by letter." The above telegram, received this morning by Miss Clara Barton, president of the Red Cross, is a substantial copy of scores of other telegrams which are being received today at the headquarters of the organization, situated at the intersection of P and F streets. Miss Barton said this morning that the society's officers have ample encouragement so far as volunteers for service in Armenia are concerned, but that the question of funds was a more serious one, but they were receiving considerable contributions from the American people would provide the money for the accomplishment of the proposed work.

"No DOUBT ABOUT THE CALL." "When this call came to us, we considered two things: First, is this a call from the whole American people? Second, will the American people support us in the undertaking?"

"We found that there was no doubt about the call, and that we were from the American board which superintends the work of all similar societies in the United States. Added to that have come appeals from all sorts of organizations and from the thousands of individuals."

"Every mail brings us a very large number of letters expressing sympathy for the project of saving starving people in Armenia."

"What is the plan for accomplishing such a work?" "To take these volunteers—such as we are—and to the work—and the money which the American people will furnish us and go to Armenia, organize and work."

Miss Barton said that she had noticed that people expected the work to begin at once—that is, within a few days.

TRANSFER OF HEADQUARTERS. She explained that it would be impossible for such a large number of people to be put into execution in so short a time.

"The undertaking means the actual transfer of the whole society headquarters from this continent to another, and any amount of details of business is involved in the transfer. So, the people cannot expect that the work can be accomplished in any such short time, as has been implied by certain newspaper statements."

"The project of carrying on relief work among the starving Armenians is the largest undertaking that the society has ever encountered."

Miss Barton says that they are determined to obtain no question of the success of the undertaking, and the preliminary plans will be pushed as rapidly as possible.

WORKERS WILL RESPOND. The permanent staff at the headquarters today was making arrangements for the relief work that will initiate the relief work.

These workers are now scattered throughout the country engaged in the various occupations, which sustain them, and the great calamity requires their presence. Most of them are already aware that their services will be required in Armenia during the next six or eight months.

ENLIVENED THE HEARING
Lawyer Worthington Said His Colleagues Were Dictatorial.

HIGHWAY ACT PROCEEDINGS
The Colloquy Between Counsel Started in the Request of Respondents' Lawyers. He Made to Write Down Their Prayers for Instructions.

Columbus, Ohio, Dec. 14.—The brief and simple burial services of Allen G. Thurman were held at the family residence on Washington avenue and E 10th street this morning.

There were many people present, including many of the city's prominent citizens. The services were held in a simple and dignified manner.

Among the early arrivals was Gov. McKim, accompanied by the State officials. The services were held in a simple and dignified manner.

The services consisted of the reading of the nineteenth Psalm, the Lord's prayer, and the burial of the body in the family vault.

Mr. A. S. Worthington first addressed the court. He said that the government was interested in making its assessments by the rule laid down in the Rock Creek Park case, with special reference to the rule laid down in the Rock Creek Park case.

He argued that except in Washington and in the State of Pennsylvania any rule laid down in the Rock Creek Park case, with special reference to the rule laid down in the Rock Creek Park case.

STREET CARS MUST STOP ON NEAR SIDE OF CROSSINGS.

TEN MILES AN HOUR SPEED
This Rate Must Be Maintained in the City, But Cars May Run at Fifteen Miles in the Suburbs—Lights at Night on Both Ends of Cars—Can Stop But Five Minutes at Crossings.

The Commissioners spent about two hours over the police regulation amendments this morning.

The close they announced changes as to running of street cars on a maximum speed of nine miles to a maximum of ten miles and an increase of distance between running cars from 50 to 100 feet.

The amended section reads, so far as amended portions are concerned, as follows:

Every street car shall move faster than ten miles an hour in the city nor faster than fifteen miles an hour outside the city.

Street cars shall not exceed a speed of five miles an hour at street crossings, and when necessary to stop shall stop on the near side thereof, except where the mechanical appliances make it impracticable to do so, but shall not stop on a street or on a street crossing for a longer period than three minutes, unless the way be obstructed, nor shall they stop on a street or on a street crossing for a longer period than three minutes, unless the way be obstructed, nor shall they stop on a street or on a street crossing for a longer period than three minutes, unless the way be obstructed.

Every street car in motion after sundown shall have two lights, one at the forward, the other at the rear end of the car.

Trucks moving in streets with car tracks shall keep on the right side and between the right side and curb.

The Washington and Georgetown Company, which now always stops on the far side of the street, had no previous notice of the change in regulations, and the new side.

Forty days' notice is required before any change in regulations can be enforced, it is not probable the change will actually be made before January 1 next.
